Description

Modulator repair kit PEM plastic 461513 (Wabco)

Wabco · modulator repair kit

Modulator repair kit for commercial vehicles

The Modulator repair kit PEM plastic 461513 (Wabco) (item no. MT-4615139222) is a Wabco electro-pneumatic brake component for commercial vehicles. Based on the ABS/EBS control signals it regulates the pressure in the brake circuits so that the wheels do not lock under braking. Check the OE number before ordering.

Key Benefits

ABS/EBS brake control

Made by Wabco

Identifiable by OE number

Durable commercial-vehicle design

Fast delivery or pickup

Parameters

Item no.: MT-4615139222
